

silverleaf

ROSÉ

The Silverleaf Rosé appears bright rose petal pink in colour. It has intense aromas of strawberries and tropical fruits, with a delicate floral background. This mouth filling wine is very fresh, with strawberries, orange blossom and lychees filling the pallet. The fine acidity drives the moderate sweetness of the wine, leaving a dry finish.

This wine will match a range of dishes, including spicy Asian cuisine. Enjoy this wine as a lunchtime refreshment or as an aperitif in the evening.

Drink this wine well chilled.

Colour

Bright cherry pink
