## 2020 GRENACHE

### CULTIVATED.

Churchview pride themselves on being good stewards of the land and have hence gained their organic certification for the vineyard in 2020. This means that all the grapes are grown organically, without the use of toxic chemicals on the vines. These practices produce pure, quality fruit and in principal, we believe it also produces pure, quality wine. 2020 was a warm and dry year in which the Grenache ripened most beautifully.

### CRAFTED.

Hand-picked and sorted fruit, the grapes are brought to the winery and are fermented on skins for 10 days. The skins are then pressed off and the wine is transferred into older French oak barrels for maturation. Cross-flow filtered and bottled onsite.

### CHERISHED.

**COLOUR** Beautiful ruby red.

**AROMA** Vibrant red fruits lift the aroma with cherries and raspberries, intermingled with spicy oak undertones.

**FLAVOUR** The red fruits transition beautifully to the palate creating a beautiful, soft, whole mouth feel. The light tannin profile creates a silky feel with a lingering finish. The subtle spicy notes add some complexity, leaving you wanting more.

**ANALYSIS** | Alc 15.2% | pH 3.53 | RS 0.2g/l | TA 5.77
